

## A Foreword

Dear ISG Families,

Upon wishing you a very nice and relaxing summer, I'd like to take this opportunity to say a few words to accompany this short booklet.

Reading for pleasure has a dramatic impact on educational outcomes, as well as social and emotional wellbeing.

Our commitment as educators is to encourage and inspire students on their reading journey and to support them throughout.

We also aim to foster their independence as readers.

This is why we've released this Reading Suggestions Booklet. Inside, we hope you will find useful insights of what could appeal to children of different ages, reading levels and interests.

Happy Summer Reading!  
Ms Ilaria
