

# The International School in Genoa

## Application to the Board of Directors

**Submission deadline Friday October 19<sup>th</sup> ,2018**

Thank you for your interest in serving The International School in Genoa. Your completion of this application is necessary so that the members of ISG community have a chance to get to know you.

Please complete this application. Use additional pages if required.

Name: Alberto Venturini	
<p>1. Brief biography and interest in ISG:</p> <p>I was born in Genoa in 1976, and I studied at the University of Genoa where I obtained a master degree in Business and Economics.</p> <p>I started my career in Procter &amp; Gamble Corporation, where I worked for almost ten years, covering a number of roles in sales and marketing. In 2009 I moved to Kimberly-Clark Corporation, where, after serving as Sales Director Italy &amp; Greece for 4 years, I am currently enjoying the role of Global Strategic Account Manager.</p> <p>I am married to Tiziana since 2004 and our two sons are both at ISG: Jacopo is in 5<sup>th</sup> Grade (this is his 8<sup>th</sup> year in our school), while Guglielmo Amedeo is in 2<sup>nd</sup> grade (5<sup>th</sup> year in ISG)</p> <p>At ISG our children grow and become young women and young men. Every day that they spend in the school, they are surrounded by ISG values: Respect, Responsibility and Reaching for Excellence. I believe that these are the values that will allow them to be part of the group of people that will shape a better society in the future.</p>	

2. What skills and knowledge are you willing to bring to the ISG board? (ex. strategic planning, fundraising, financial management, organizational development, others)

Currently, I have the honour to serve as a member of the ISG Board. Over the last six years, it has been a pleasure for me to work on the development of the school and to contribute as a member of several committees (Financial committee, Fundraising committee and the Academic committee) and – lately – as the Board Treasurer.

The school has achieved a number of exceptional goals, like maintaining the number of students constantly between 360 and 400 children, in a financially sustainable way, securing a solid academic program (delivered by passionate and competent teachers) to each of them.

3. Why do you desire to serve on this Board?

I am volunteering for this Board position again as, in this exciting moment, I would like to keep on contributing to ISG: the school is improving its standards, year after year and we are progressing in our objective of becoming one of the top educational institutions in Europe.

To achieve this goal, we need to focus our plans on a continuous improvement of the academic program and of the campus and athletics facilities, leveraging on the skills of our exceptionally committed leadership team and keeping our attention high on the financial sustainability of ISG development.

Please note that you will be expected to make a short speech at the **General Assembly on November 8<sup>th</sup>, 2018**

I understand the responsibilities associated with being a board member, and I have adequate time to serve if appointed.

19th October, 2018
